Cubitron™ II Roloc™ Durable Edge Disc, 984F 80+ Grit

General Description:

- 3M™ Precision Shaped Grain (PSG) maintains super-sharp points, cuts exceptionally fast with less pressure
- Disc life is significantly longer, completing more parts per disc and requiring fewer disc changes
- Grinding aid incorporated on the disc minimizes grinding temperatures for stainless steel and other heat-sensitive alloys
- Roloc™ quick attachment system provides for easy disc changes between grades or applications
- Backing supports medium to high pressure grinding applications and 2-ply construction provides added durability for edge work
- 3"
- TR
- Die R300V
